FIELDA

RETAIL: HOW FIELDA TRANSFORMED THE SHOPPING EXPERIENCE FOR HYDE PARK VILLAGE

Client : Hyde Park Village	Country : USA	Industry : Retail

Overview

Located in the heart of Tampa, Florida, Hyde Park Village is a captivating urban shopping oasis that caters to discerning shoppers, travelers, and local residents alike. Spread across six city blocks, the village offers a delightful mix of beloved local shops, international fashion brands, and indie boutiques, creating a vibrant and diverse shopping experience. With exciting community events, bold art installations, and picturesque fountains, Hyde Park Village fosters a sense of belonging and connection, making it a living case study in urban excellence and a beloved destination for Tampa's finest.

! Problems:

1. The communication gap between supervisors and inspectors affects inspection processes.
2. Time-consuming task assignment and lack of an effective solution for pole inspections.
3. Erratic and inaccurate data collection during inspections.
4. Difficulty in managing and analyzing the collected inspection data efficiently.

Business Challenges:

Communication gaps between supervisors and inspectors	Inefficient pole inspection process due to communication breakdowns.	Delayed task assignment, data collection, and problem-solving.
Challenges inaccurate data management and analysis.	Impact on productivity, operational costs, and customer satisfaction.	Safety risks, scalability issues, and competitive disadvantage.

Solutions:

- Implementation of **structured forms for data collection**

- Incorporation of **visual inspections** to complement data gathering.

- Ensuring **accurate and reliable data collection** during inspections.

- Facilitating efficient **task assignment and tracking**

- Enhancing **data analysis and management** for improved decision-making.

Business Outcomes:

Reduction in inspection time and increased efficiency

Enhancement in the **accuracy and reliability of collected data**

Streamlined **task assignments and improved tracking**

Improved decision-making through **efficient data management and analysis**

Elevated overall shopping experience for visitors and residents
